As part of its continued efforts to provide members and guests with the ultimate leisure retreat, The Montgomerie, Dubai introduces Angsana Spa to its Clubhouse facilities. The Angsana Spa offers 6 treatment rooms and a comprehensive menu of treatments and therapies, placing special emphasis on the use of natural ingredients such as native flowers, fruits, herbs, spices and plants. It is based on the use of aromatherapy, the therapeutic sense of touch, and a fusion of techniques from the East and West to refresh and rejuvenate the body, mind and spirit.

The dedicated spa therapists undergo professional training at the Banyan Tree Spa Academy located in Phuket, Thailand.

Angsana Spa takes its name from the exotic Angsana Tree - a tall, tropical rainforest tree noted for its crown of golden, fragrant flowers, which burst into bloom unexpectedly. The Angsana teaches one to live life spontaneously, to sense the moment and savour time as it passes inexorably.
